

Butler Metropolitan Housing Authority  
RFP 18-06 Pest Control Services  
Addendum #1

**Section 3.3 You are asking for a cleanout of all locations in the first month. You don't allow for a separate charge for the cleanout service which will be more than a regular service. Is this your intent to have it added to the regular service price and spread across the year?**

Cost needs to be submitted in the form of the cost sheet attached to the RFP. It is up to the vendor how to distribute the cost along those guidelines.

**Section 3.4 Page 19 The word toxic is on all pesticides (All pesticides or bait that kill insects have a LD50 that equals a toxicity level.) Are you referring to restricted use pesticides? Common levels of pesticide risk are with warning labels in 1. Caution 2. Warning 3. Danger. Allowing the use of bait and residual insecticides above would contradict the toxic statement.**

Contractor will not use any chemicals that should be considered toxic to humans or animals during the length of this contract. As for bait and residual insecticides, they are only to be used when conditions warrant. Section 3.4 states all chemicals shall be approved prior to any application of said chemicals.

**How many units do you currently have bed bug treatments in process now?**

All units are on an "As Needed" basis.

**Are you having rodent issues at any properties now? If you are, how many different properties and extent of infestation currently?**

There are no known major rodent issues.

ADDENDUM RECEIPT

My signature at the bottom of this receipt will certify that I have received **Addendum #1 to RFP 18-06 Pest Control Services** and this receipt will be included in the final bid proposal that is submitted.
